

# Lower Hudson Teacher Center Network

## The Accomplished Teaching

### 2-Day Facilitator Training

*Providing facilitators with the tools to engage educators in the systematic study of accomplished teaching and improvement of instructional practice.*

This 2-day training is designed to train facilitators on the research based materials utilized in the Accomplished Teaching Series including the National Board certification area standards, 5 Core Propositions and Architecture of Accomplished Teaching. This training will provide rich, deep, collaborative conversations; resources to foster the professional exploration of a common language around accomplished practice; and the exploration of high quality materials that can be brought back to any district and tailored to meet their teachers' contextual needs. This 2-day training, sponsored by the Lower Hudson Teacher Center Network is funded through a NEA grant and is offered at no cost. All materials will be provided. Registrants must attend both days at their desired location. If interested in attending one of these 2-day trainings click the information below:
