

Jump Start National Board Certification Workshop

This JumpStart workshop is an opportunity for candidates to get started with the National Board process. This one-day training will give candidates an overview of the National Board process as well as insight into Component 2. The overview of the process (for anyone who has not started yet) will be covered in the morning and Component 2 will be covered in the afternoon.

Participants should bring to this workshop a printed copy of instructions for their area of certification along with the applicable standards.

If possible, a follow-up session will be offered later in the summer to cover the other two components (3 and 4) in the National Board Process. This workshop is being sponsored by the Lower Hudson Teacher Center Network and NYSUT.
