Sparking a STEM Future

K-12 STEM EDUCATORS CONFERENCE

Join us to learn about how to engage students with STEM, grow professionally, and more! This conference includes two academic sessions, a keynote, lunch, and a STEM exhibitor/poster session.

Keynote Speaker: Aspen Meineke

The Program Director at The Coding Space, and STEM Motivational Speaker, Aspen Meineke will discuss various social-emotional learning techniques and how STEM educators

can help guide their students in combining their personal passions and STEM knowledge to build a career- on their terms.

For questions, please reach out to Daniela Martinez at dmartinez41@mercy.edu.
