

Regional Writing Institute for National Board Certification Monday and Tuesday August 27 - 8, 2018

The Writing Institute is an opportunity to join your colleagues to discuss and share issues particular to your unique work as it is unfolding. Candidates have the opportunity to write, read and reflect in congenial and supportive surroundings on portfolio entries either working independently, with partners, or in writing groups. The community of writers and reviewers supports the development of portfolio entries and the peer review of video recordings of classroom teaching. Join your colleagues for thoughtful and reflective discussion about NBC in a collegial setting. Please note that this workshop is open only to NBC candidates and Advanced (retake) candidates and is limited to 15 participants.
