The Edith Winthrop Teacher Center would like to welcome you all back to school, whether it is virtually, in-person or a combination of the two. As we continue to deal with new challenges every day, our primary concern is for the health and well-being of all of you.

At the Teacher Center, we have spent countless hours thinking about teachers and of all the challenges you and your students are faced with during this unprecedented time. In March, we jumped into action to offer numerous courses, many free to our members, to help support you with remote learning. Throughout the summer, the teacher center continued our mission to provide our members with the training opportunities many of you requested and so desperately needed to help you acclimate to virtual teaching. The EWTC will continue to be responsive to the needs of our members while we plan for a productive school year. Please don't hesitate to reach out should you have specific needs or require support. We are always here to support you!
